VISION

We aim to rise as the best choice for education in emerging towns across India by providing affordable & high quality education in an environment where children master academic as well as life lessons and discover their inherent potential.

ABOUT US

Our Faculty

GSE has highly competent and experienced educators and childcare specialists. These influencers have combined their strengths to ensure that your child receives nothing but the highest quality of academic mentorship, focussed guidance, and enriched all-round development.

Our Values

GSE is an innovative school which strives to transform the way education is imparted and pave the way for better learning experience that positively impacts young minds.

Curriculum (CBSE)

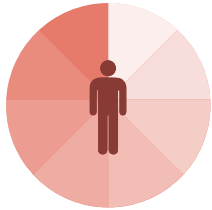

The school curriculum is ingeniously designed to enhance creativity, collaboration, communication skills and team ethics. Our students do not exist in isolation, nor does our learning. Field- trips, excursions, movies, workshops, projects, meeting scientists, creative artists and experts from various fields constitute our academic framework.

LEADING THE WAY TO HOLISTIC DEVELOPMENT.

GSE AT A GLANCE

**HOLISTIC

Er. Dhiresh Nigam
(Chairman)

Our aim is to educate students for Holistic Global Excellence, which defines the goal and the purpose of education to build a Creative, Logical and Empathetic character in human beings along with Humanitarian, Social and Environmental Values.
